

the voice

PAID RESEARCH
OPPORTUNITY

WE ARE RECRUITING

people with Tourette Syndrome

people who stammer

people with no history of speech or hearing
difficulties

aged 18 or over

with no hearing loss

who speak British English as their first language

WHAT

We will ask you to take part in two Zoom calls.

In the first one we will ask you to read some passages aloud and answer some questions about your experience of your voice. This takes about 20-30 minutes.

In the second call you'll be paired up with another participant and you'll play three rounds of a spot-the-difference game together. This takes about 45-60 minutes.

WHY

We want to know how people talk in different environments and with different conversational partners, compared to when they talk alone. We're interested in the effect your voice has on everyday interactions.

HOW

For more information or to register your interest visit <http://sophiemeekings.com/voice-identity-take-part-in-our-research/>
or email sophie.meekings@ncl.ac.uk
